NOTICE

Green River Landfill, LLC has applied for a solid waste permit to construct and operate a proposed Class V Solitude Landfill on 320 acres of privately owned land located nine miles east of the City of Green River, Utah. Class V landfills are commercial landfills that may receive municipal and other nonhazardous solid waste not otherwise prohibited by rule or permit. The draft permit for the Solitude Class V landfill limits the wastes that may be received to municipal waste and those wastes that are typically associated with municipal waste. Waste taken under contract from industrial waste generators and wastes generated as part of site cleanups under CERCLA are prohibited at the Solitude landfill. The permit application has been reviewed by the Division of Solid and Hazardous Waste and a draft permit has been prepared. The public comment period on the draft permit begins May 13, 2003 and will end June 11, 2003.

A noncommercial Class I solid waste permit was issued for the Solitude Landfill on April 11, 2003. The design and operation of the proposed Class V landfill are the same as those approved in the Class I landfill permit. The Class V permit allows the facility to receive waste from non-industrial sources within and outside the state.

Any permit for a new Class V landfill requires the subsequent approval of the Governor and Legislature prior to construction of the Class V landfill. The proposed Class V Solitude Landfill will also require gubernatorial and legislative approvals.

Copies of the application documents and the draft permit are available for public review during the comment period during normal business hours at the following locations:

Division of Solid and Hazardous Waste
Utah Department of Environmental Quality
288 North 1460 West, 4th Floor
Salt Lake City, Utah

Southeastern Utah District Health Department offices:
28 South 100 East
Price, Utah

They also can be viewed on the Internet at www.hazardouswaste.utah.gov.

Written comments will be accepted if received by 5:00 PM on June 11, 2003 and should be submitted to:

Dennis R. Downs, Executive Director
Utah Solid and Hazardous Waste Control Board
Department of Environmental Quality
P.O. Box 144880
Salt Lake City, Utah 84114-4880

Comments can also be sent by electronic mail to: swpublic@utah.gov. Comments sent in electronic format should be identified by putting the following in the subject line: public comment on Solitude Landfill. All documents included in comments should be submitted as ASCII (text) files.

A public hearing on the draft permit renewal will be held at the John Wesley Powell Museum at 85 E Main St in Green River on May 29, 2003 at 6:00 PM.

In compliance with the Americans with Disabilities Act, individuals with special needs (including auxiliary communicative aids and services) during a public hearing should contact the Bureau of Human Resource Management at 536-4414 at least three working days prior to the hearing.

For further information contact Ralph Bohn or Phil Burns of the Division of Solid and Hazardous Waste at (801) 538-6170 or TDD 536-4414.
